# Targeted Automobile Safety Investigations

Comprehensive Crash  
Investigation and Research  
Program

# Who We Are

DSI possesses nearly seven decades of highway traffic and transportation safety research.

TASI is a comprehensive package with the flexibility to meet your specific crash investigation requirements and needs.

# What We Provide

Every TASI case includes the following:

- In-depth Technical Report
- Scene Schematic
- Vehicle Data
- Digital Images, Videos, and Animations
- Event Data Recorder (EDR) Imaging and Reports (if applicable)
- Customer-Specific Data (as requested)

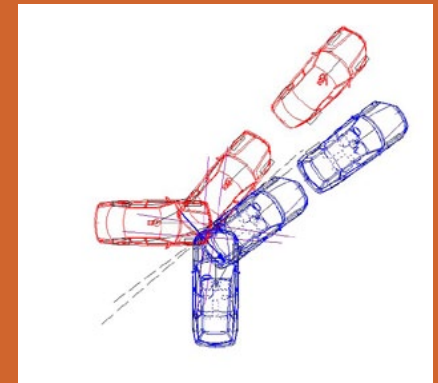

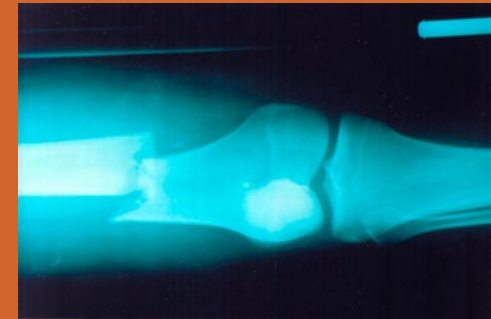

TASI provides our customers with thorough and unbiased crash analysis by an independent and confidential source with expertise in all areas of crash investigation.

# Our Customers

DSI has developed TASI to serve the needs of diverse customers:

- Government Agencies
- Automobile Manufacturers
- Truck and Bus Manufacturers
- Insurance Companies
- Tire Manufacturers
- Child Restraints and Car Seat Manufacturers
- Universities
